

▶ Medical Bills/Claims Processing

With over 25 years experience, Data Dimensions' medical bills processing represents a tightly integrated front-end solution that delivers 100% digital claims submission. Utilizing state-of-the-art equipment and software, we have optimized the process to provide extremely high quality images and accurate data, significantly reducing administrative costs and turnaround time, while improving auto-adjudication rates.

Daily updates of claim identification files, provider files, and diagnoses code files incorporated into our capture and validation application greatly enhances the accuracy of the data we forward to your bill review system. Processing claims through your payment system expedites reimbursement, while increasing accuracy.

Currently, Data Dimensions processes over 83 million transactions per year, with extensive experience converting all types of forms and documents including:

HCFA	Pre-Authorizations/Pre-Certifications
UB 92 & 04 Single/multi & Attachmts.	COB
Re-pricing Statements	EOR
Superbills	EOB
State-Specific & Foreign Claims	EOP
Medicare/Medicaid	AOB
